

# Fedora in Russia

December 7, 2013

Aleksandra Fedorova

[bookwar@fedoraproject.org](mailto:bookwar@fedoraproject.org)

# Russian Fedora community

---

- announced 20 November 2008 with Inna Kabanova as coordinator,
- originally was sponsored by VDEL company(RH partner), but have no support for last two or three years,
- the core group is about 10 active participants
- main entry points:
  - Jabber: [fedora@conference.jabber.ru](mailto:fedora@conference.jabber.ru)
  - Web: <http://ru.fedoracommunity.org>
- separate translators community

# Local activities

---

Set of web resources:

- site – news,
- wiki – knowledge base,
- forum – support,
- Jabber-rooms: fedora ( 40 participants) and fedora-devel,
- bugtracker.

# RFRemix and russianfedora-repos

RPMFusion-like structure:

- russianfedora-fixes (mostly fonts and branding)
- russionfedora-nonfree (chrome, skype,..)
- russianfedora-free (others, like freeorion)

Fedora-like workflow:

- github repos,
- review process,
- koji

# Upstream activities

---

- Fedora Packagers
- Fedora QA
- Fedora Ambassadors (4 registered, 2 more or less active)
- Fedora Designer
- Fedora L10N

# Events we've organized in 2013

---

- Conferences:
  - Hardware Freedom Day
  - Fedora Virtualization Day ( 100 participants)
  - Road to the Clouds ( 150 participants)

# Events we've organized in 2013

---

- Conferences:
  - Hardware Freedom Day
  - Fedora Virtualization Day ( 100 participants)
  - Road to the Clouds ( 150 participants)
- Release parties ( 20 participants)

# Events we've organized in 2013

---

- Conferences:
  - Hardware Freedom Day
  - Fedora Virtualization Day ( 100 participants)
  - Road to the Clouds ( 150 participants)
- Release parties ( 20 participants)
- fedora-classroom:
  - packaging RPM,
  - custom LiveCD.
