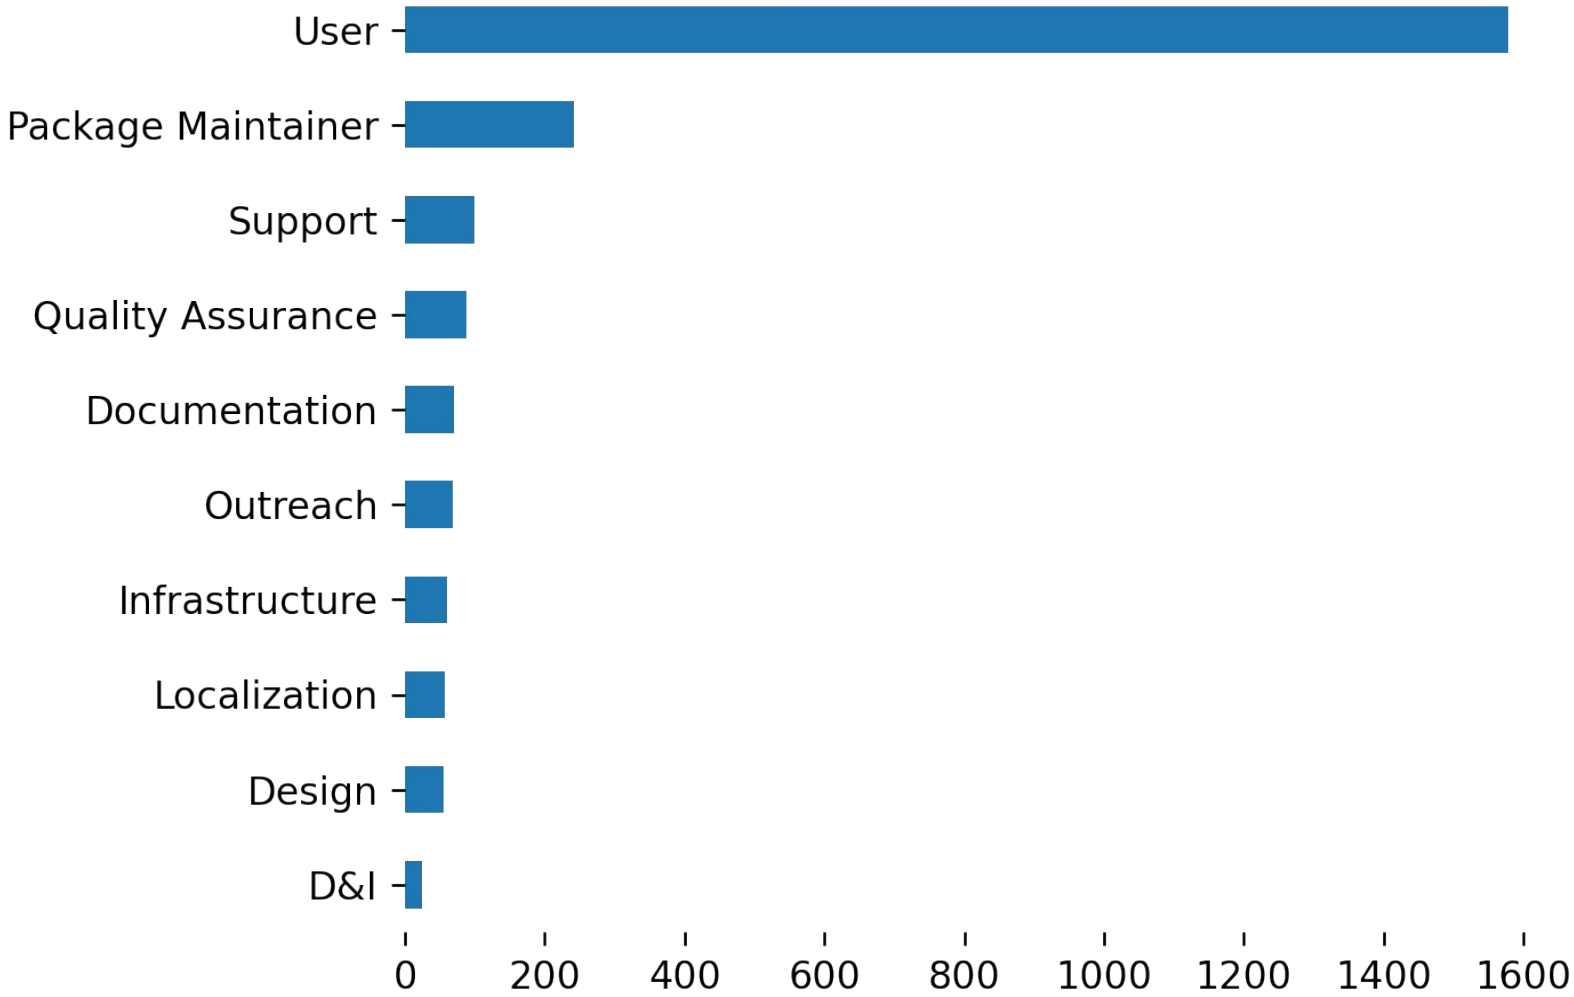
Open and reproducible process

Setting it up for a long run

- Fixed schedule:
  - Fedora Annual Contributor Survey always runs in **June**
- Marie Nordin created a step by step how-to in Fedora Council Docs:
  - https://docs.fedoraproject.org/en-US/council/procedures/survey/how-to/
- Questions in Fedora Council Docs:
  - https://docs.fedoraproject.org/en-US/council/procedures/survey/questions/
- Send pull requests to adjust questions, add new variants, change wording:
  - https://pagure.io/Fedora-Council/council-docs/pull-request/146
- New people joined to help (thank you, Ashlyn Knox)

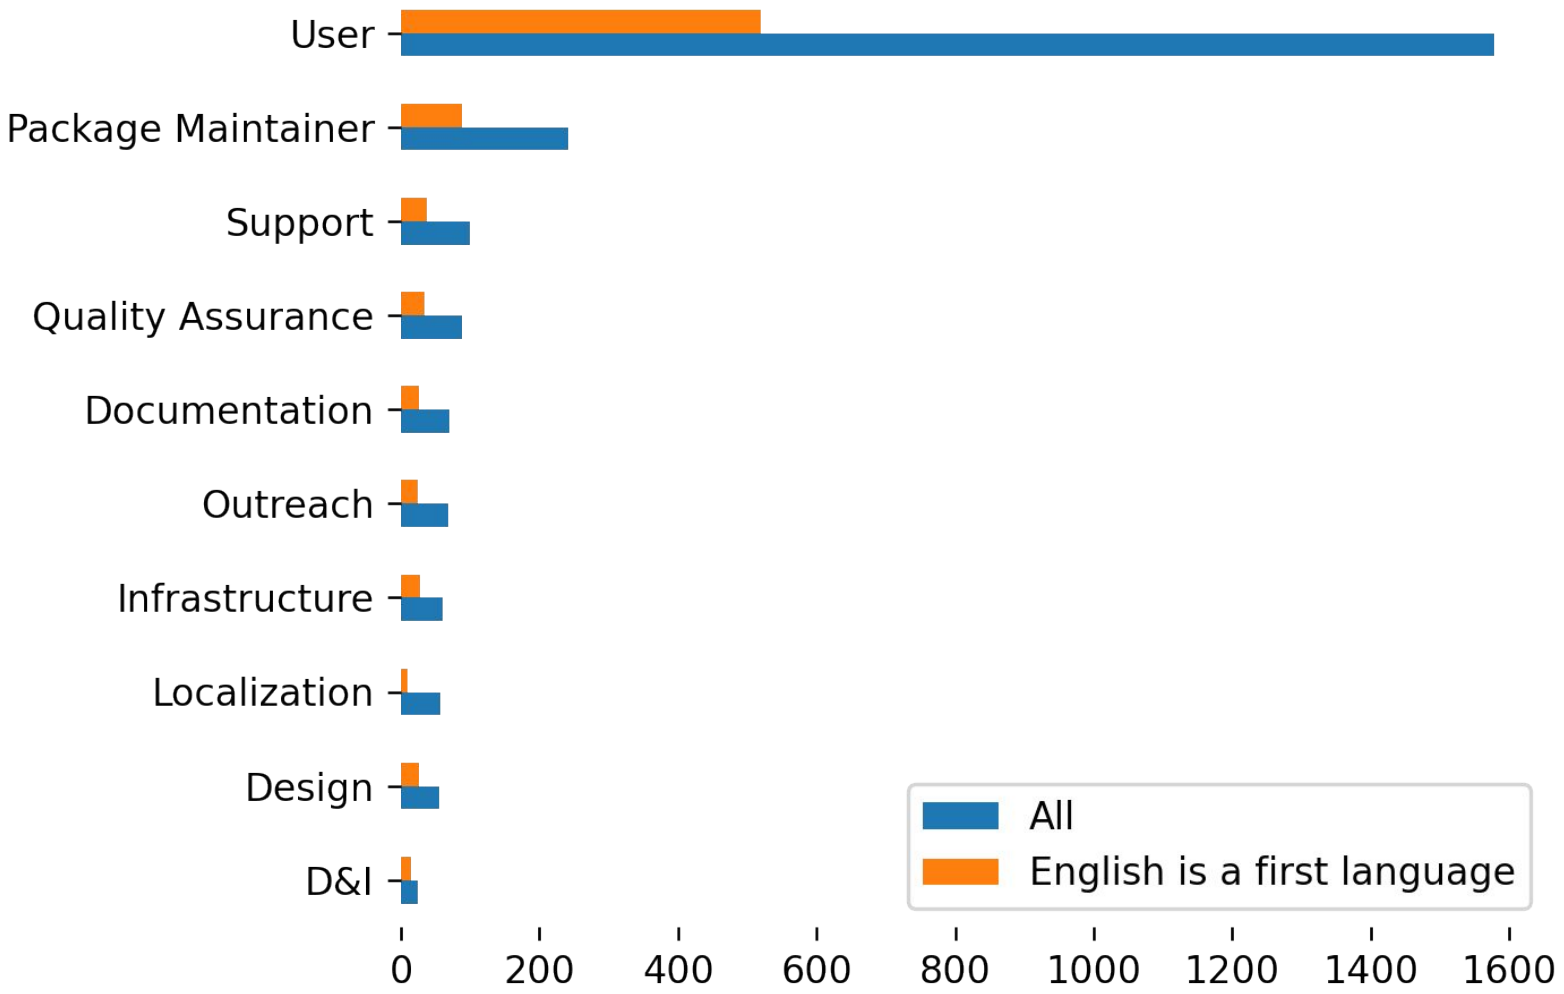
~~Numbers.~~ Bar charts.

What are your current roles in Fedora Project?

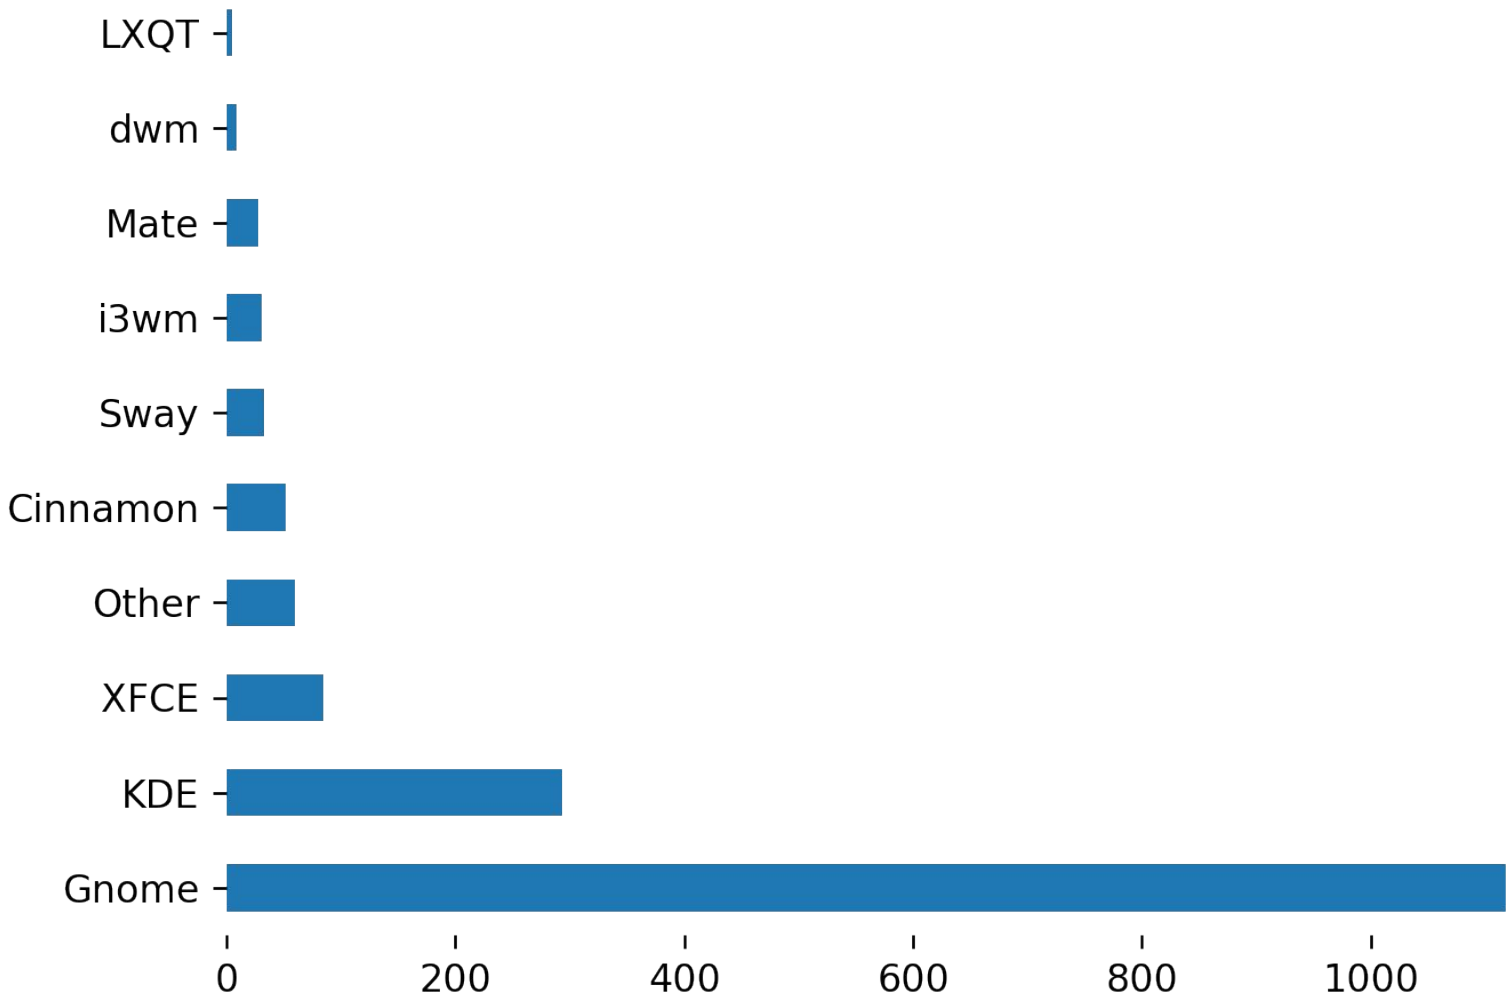


What are your current roles in Fedora Project?

And is English your first language?

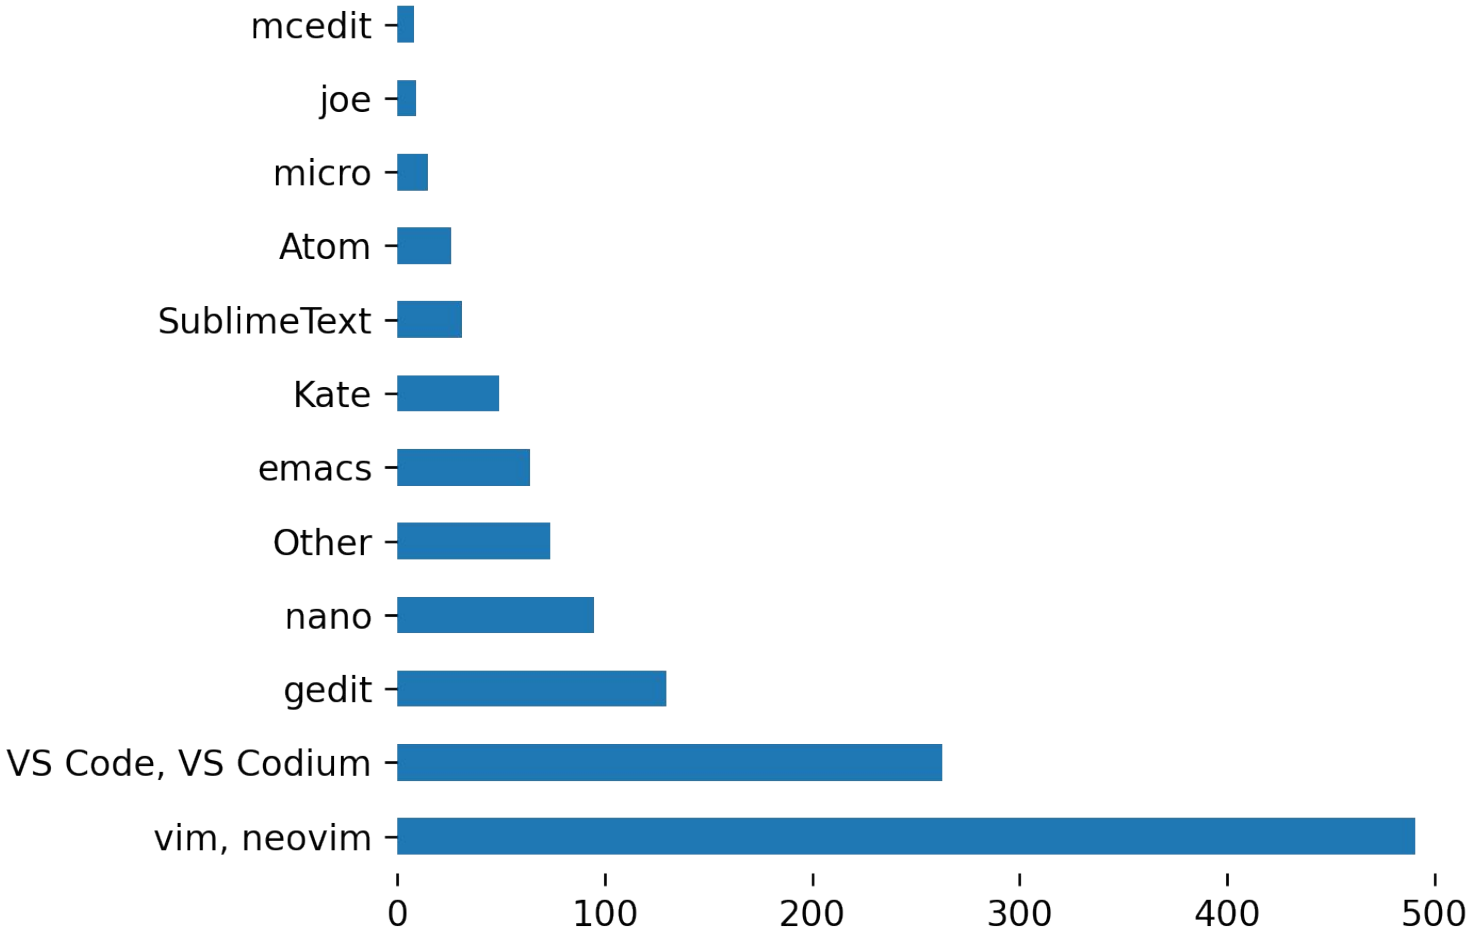


What is your preferred Desktop Environment?



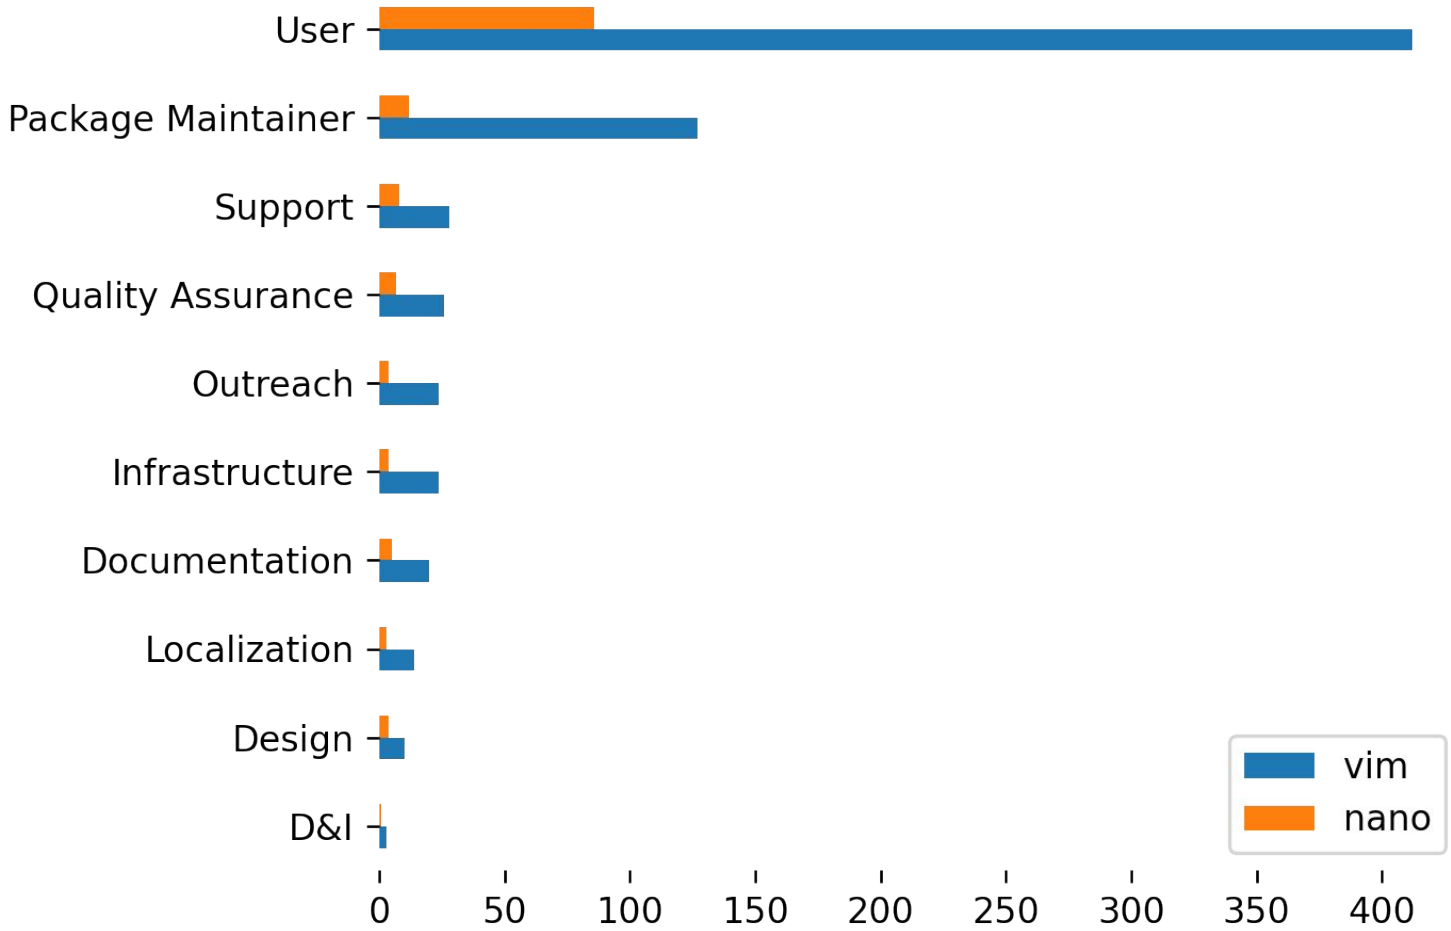
What’s your preferred text editor?

(for small random edits)



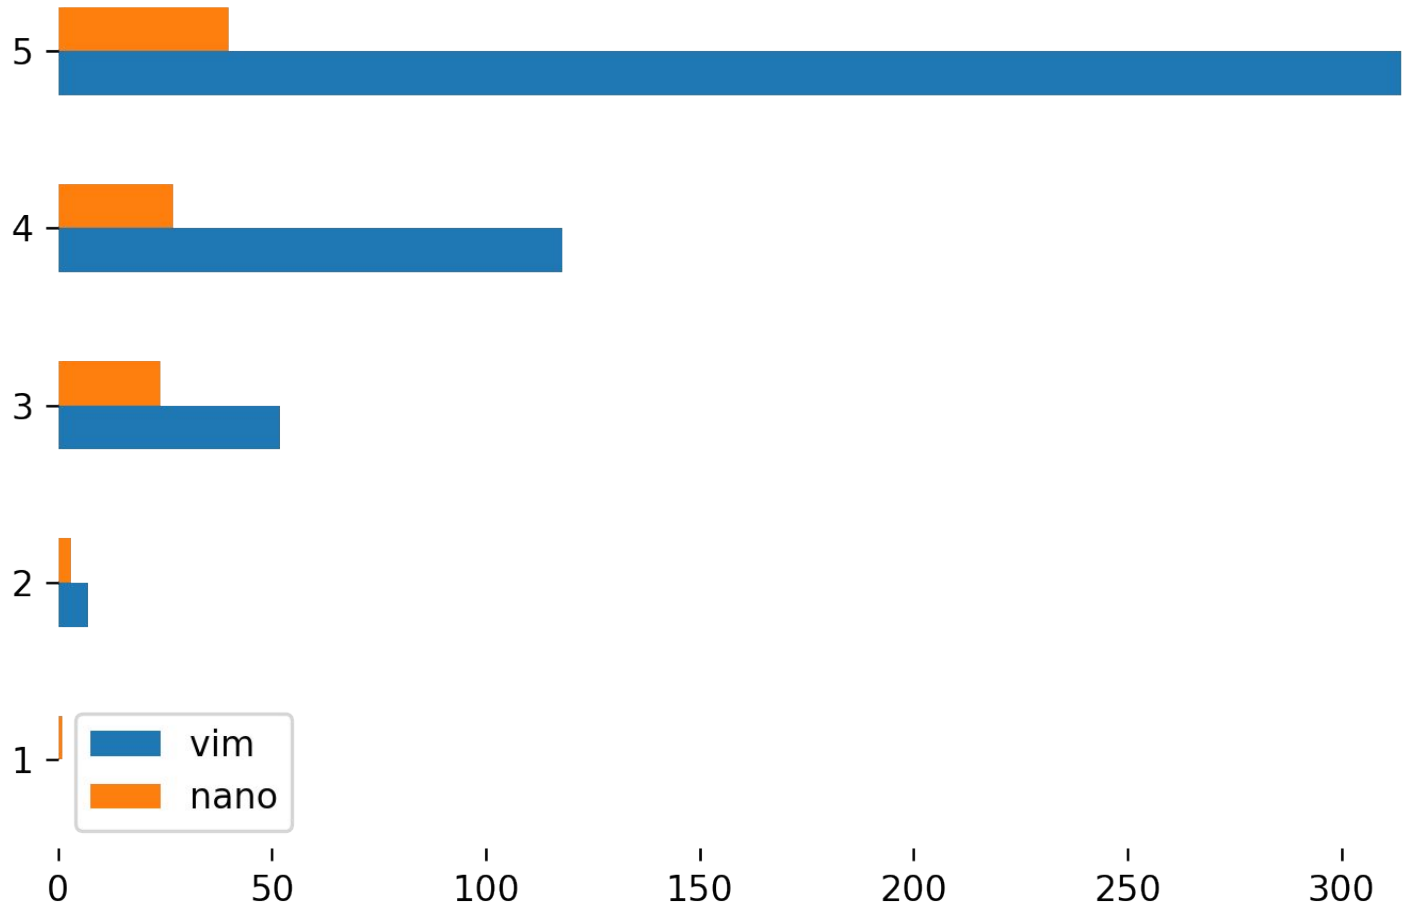
vim or nano? (across roles)

(the original question which made me run the Fedora Survey)

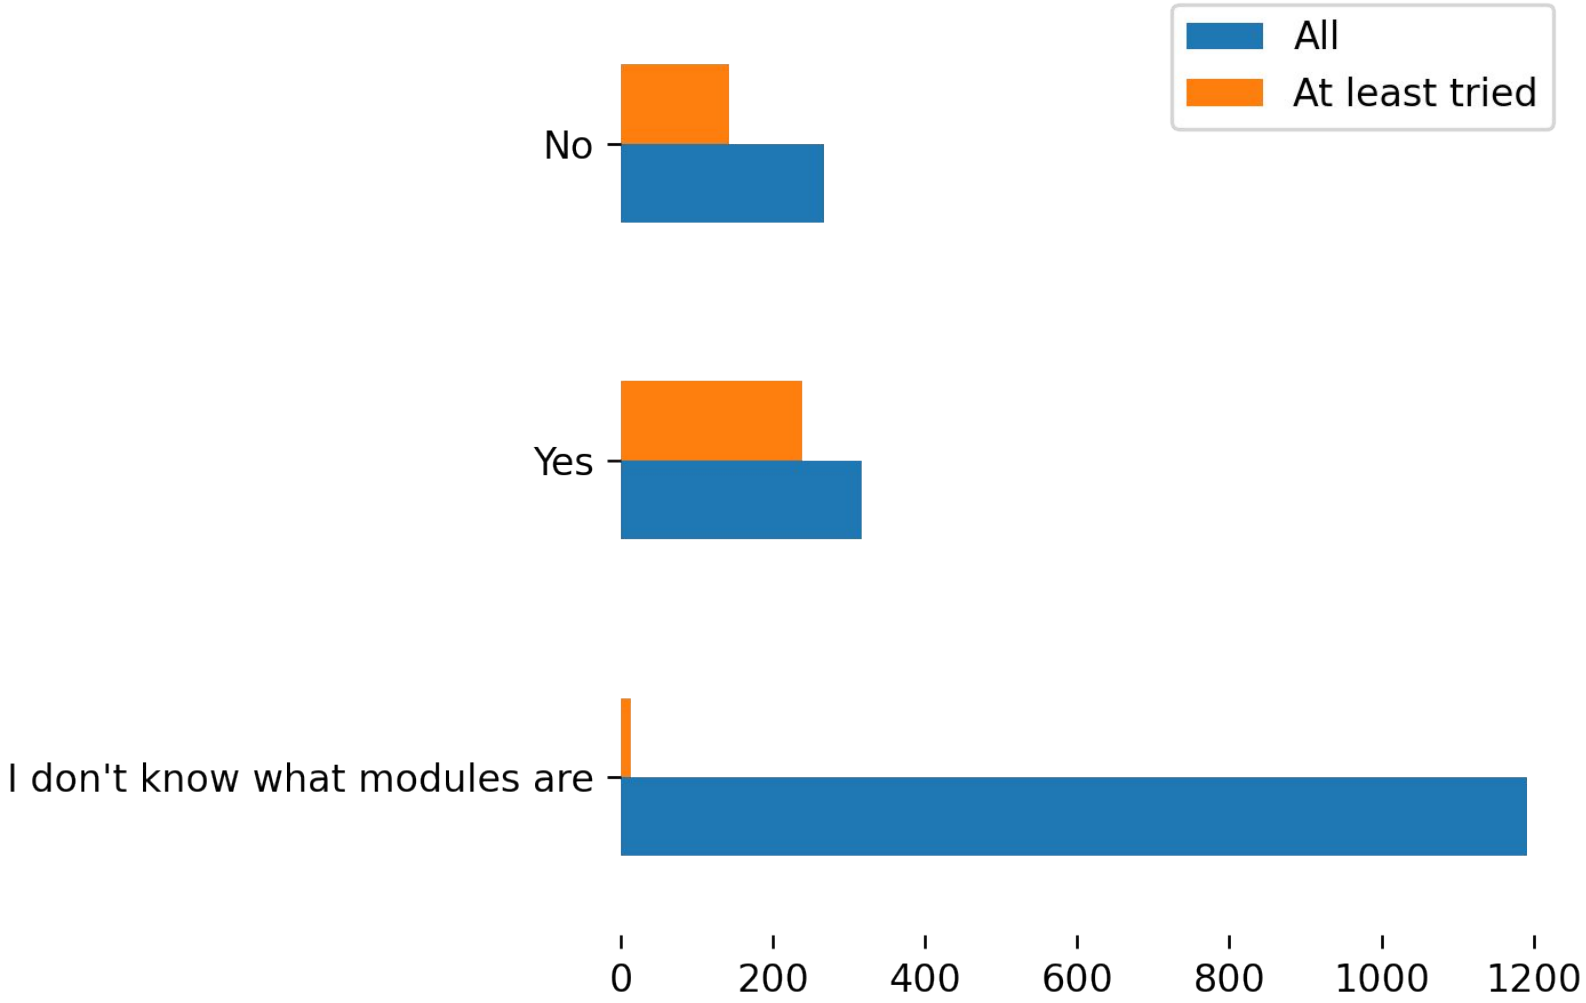


vim or nano? (per Linux knowledge)

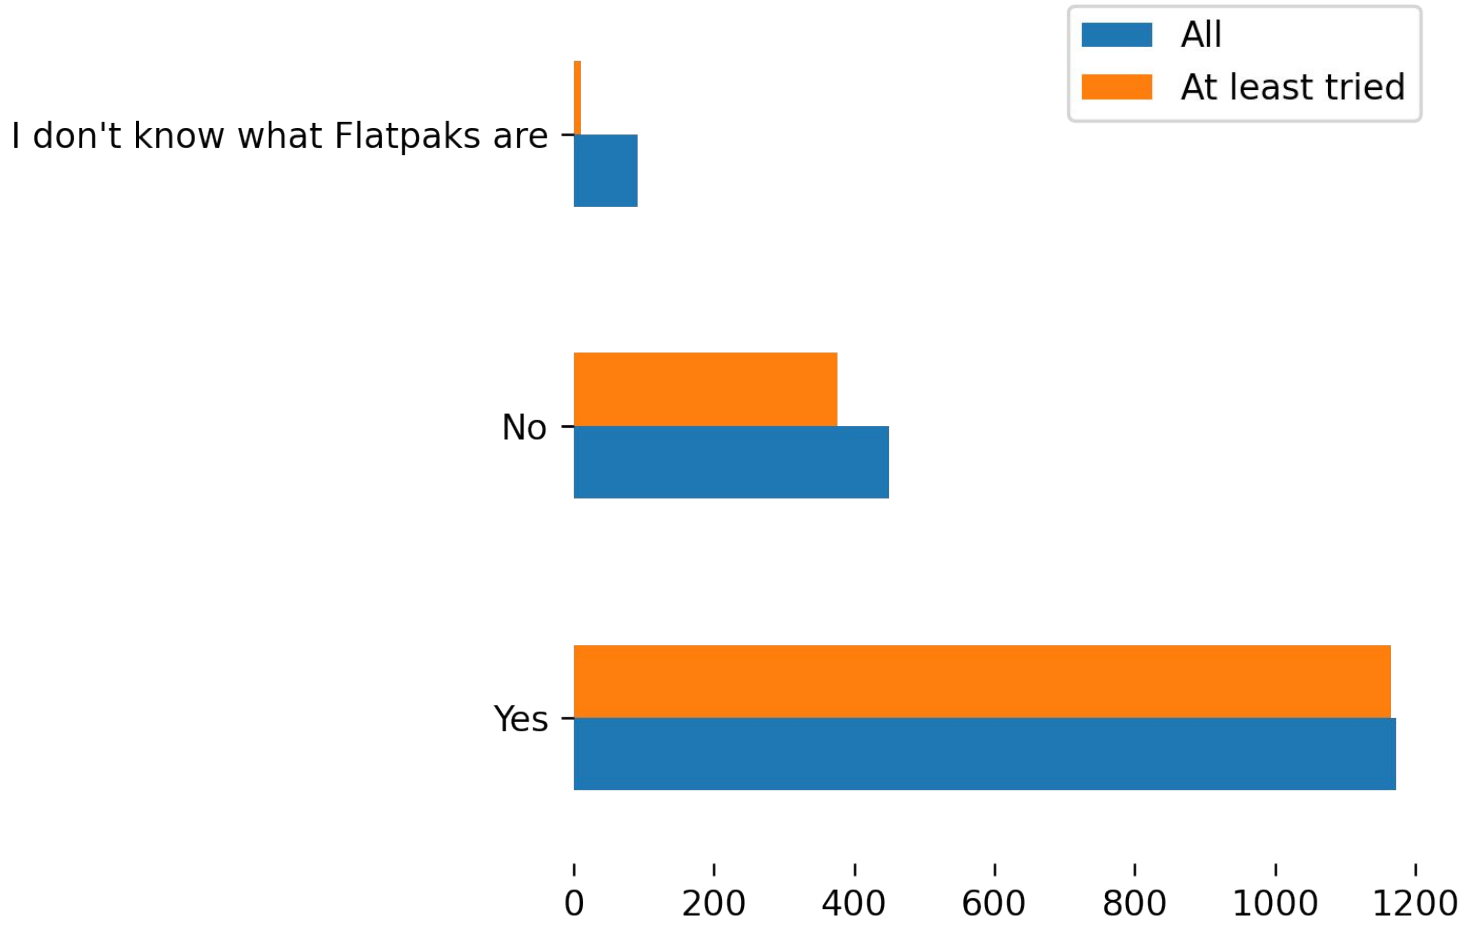
On a scale of 1-5 how familiar are you with Linux-based operating systems? (1 being new to Linux and 5 being a power user)



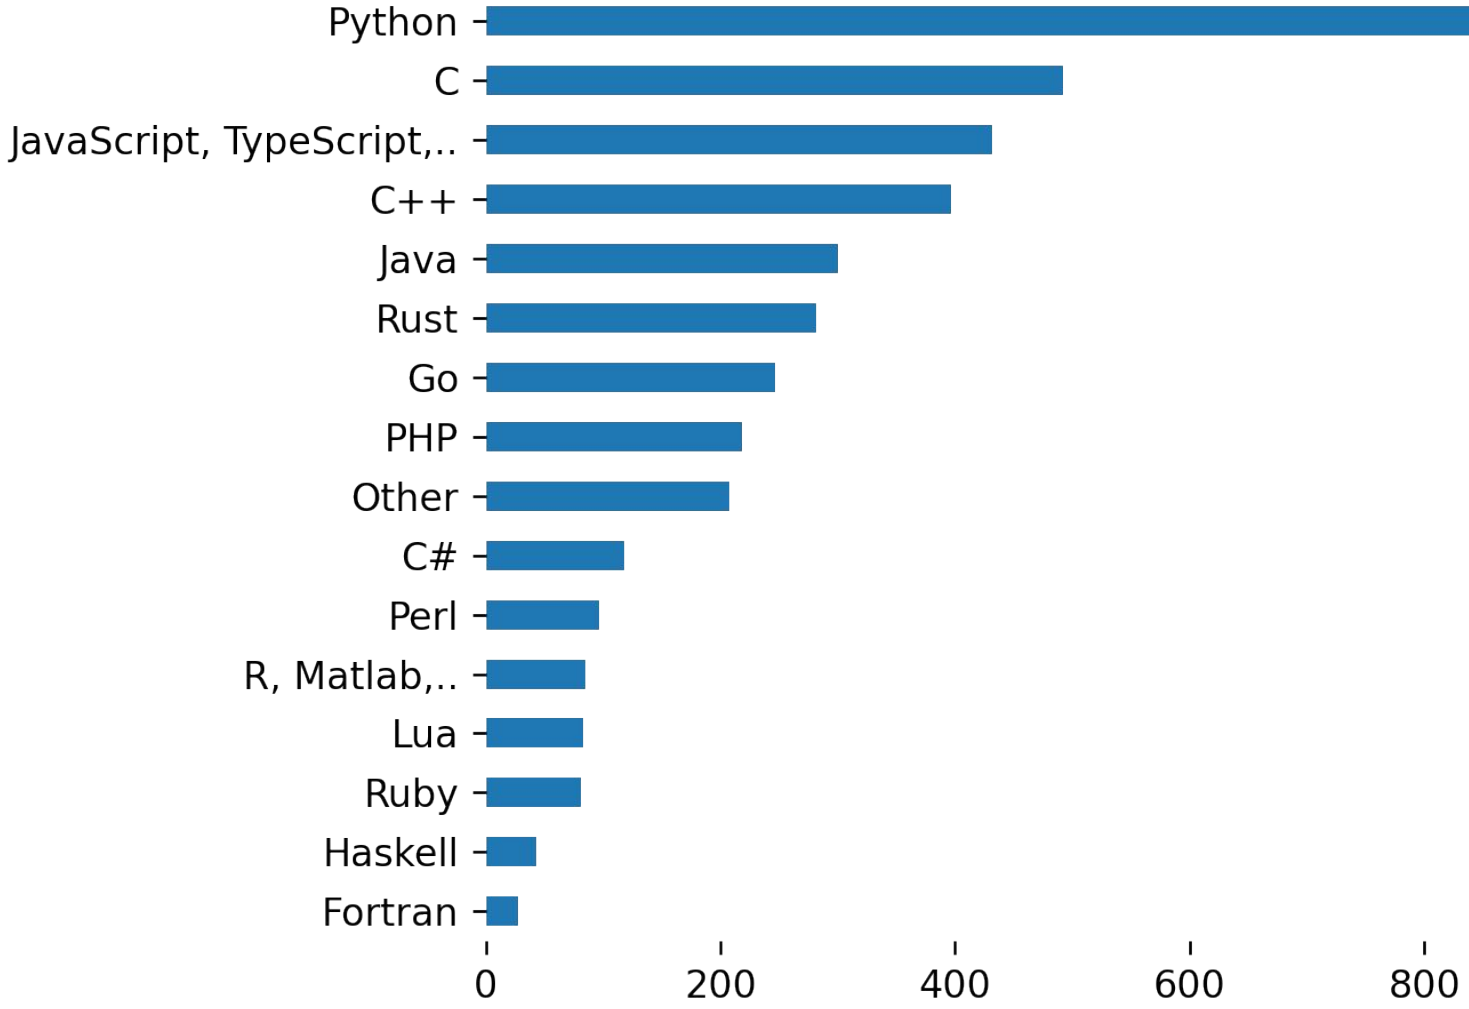
Would you recommend modules?



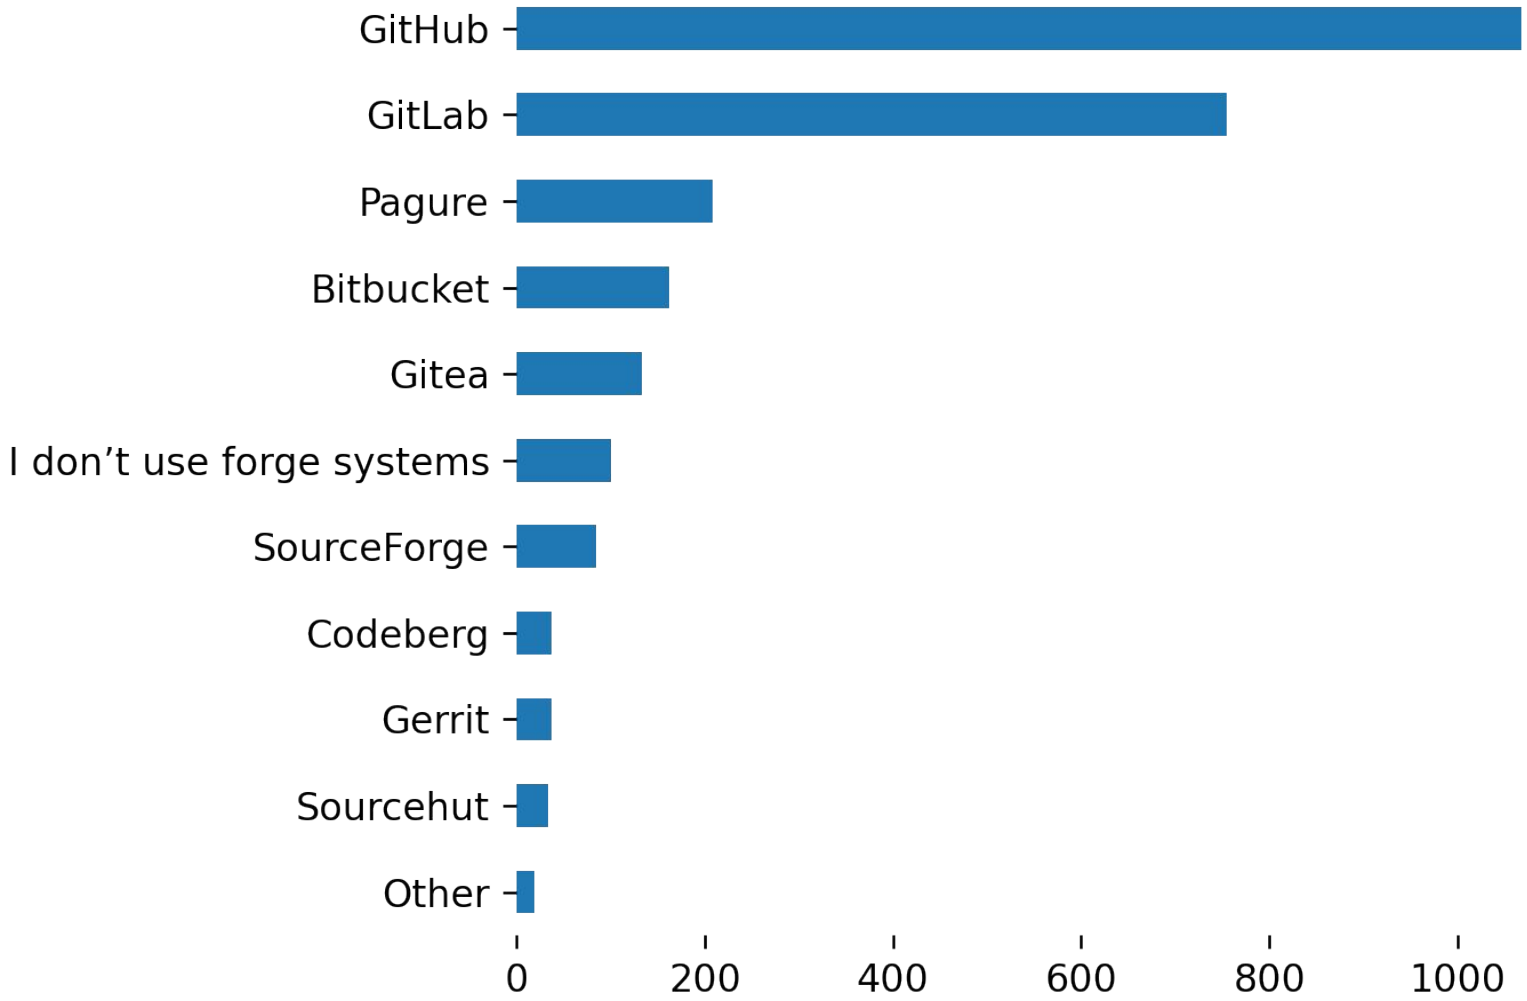
Would you recommend Flatpaks



What programming languages do you use?



What forge systems do you use?



More than just numbers

- All free-form comments are read by the Fedora Council and Fedora Project Leader
  - Check the talk by Matthew Miller

- The process is not formalized yet, WIP.

Next steps

- Publish Community Blog article with detailed results
- Automate some of the processing
- Publish sanitized dataset for everyone to play
- Iterate on questions: fix wording, add options.
- Run the Survey in June 2023!
