Have you ever used Fedora in the past?

yes

If you have used Fedora, what release did you start with?

Red Hat Linux 5 yeah, that old.

What would you like to see included in future releases?

Option for offline docs for GTK API, or if that's already a thing where is it? 😊

What don't you like about Fedora?

gnome-shell theme. Dark = sad. 😞

Have you heard of Fedora Labs (Spins)?

Yes, Love the KDE-spin.

Do you belong to any Local Area Linux Users Groups (LUGs)? If so where?

No. No time in busy life. Need dnf install free-time option.

Would you like to get involved with Fedora? (If so please leave your contact information.)

Wish I could, see previous answer.

But if you have something for busy folks
