

PYTHON QUESTIONS?

Fedora has a Special Interest Group dedicated to Python.

- Mailing list:
`python-devel@lists.fedoraproject.org`
- IRC
`#fedora-python (irc.freenode.net)`

GET PACKAGES

Searching for a Python package in Fedora?

```
yum search python
```

Want to install what you find?

```
yum install python-thingy
```

DID YOU KNOW?

- Anaconda, the Fedora OS installer is written in Python
- Yum, the tooling to resolve dependencies and install new software in Fedora, is 95% Python
- Inkscape, Gimp, and FontForge include Python support, so you can script all sorts of graphics plugins in Python!
- There are seven recognized species of snakes in the Python genus.
- Python has been included in Fedora since Fedora Core 1. That's 10 years of love!
